## GOLDEN PROGRESS

Enjoy a history filled day on the Otago Central Rail Trail. We'll transport you from Omakau through to Oturehua to begin your largely downhill ride. Oturehua is a town exploding with pioneering history. Explore the Golden Progress Mine site, Gilcrest's Store (New Zealand's longest continuously operating general store with its museum exhibits) and the Historic Hayes Engineering (note that that Hayes charge an entrance fee).

With refreshments available at Gilcrest's, Oturehua Railway Hotel or the Hayes Engineering café, keeping those energy levels up is not going to be a problem. Set off towards the Poolburn Gorge to cross the highest viaduct on the trail and pass through the two tunnels on the Auripo section of the trail. Fantastic photo opportunities here, and if you're lucky you might just see a Karearea. On the other side of the gorge the Stationside Café and Lauder Hotel are ready to provide a place to rest and enjoy some local conversation. If you find there is still something in your tank when you reach Omakau then cap it off with a tiki-tour through the gold mining town of Ophir. In the Summer, go swimming in the Manuherikea river, we will direct you to the swimming holes and rope swings.
